# TMS IS A PRODUCTION INTEGRATION COMPANY LIKE NO OTHER

Built on the belief that every production detail matters, and you only get one shot at live – we obsess about getting absolutely everything right. Whether it's a live tour, corporate event, community festival, or a permanent installation, you can count on your TMS crew to show up, create and dominate!

*You do your thing, we'll do ours...  
Together, Let's Thrive!*

**TMS delivers your vision** with lighting, sound, video, staging and rigging for any event. We handle everything, from comprehensive production integration services to installation, sales, rentals, design and consultation. Thanks to an extensive equipment inventory, our reliable team of dynamic professionals, and an uncompromising commitment to getting every detail right, TMS has become one of the most prominent lighting production companies in the USA.

# WE LIVE FOR *LIVE* PRODUCTIONS

When you go live, it has to be right. You can count on TMS for live tours, festivals and events to support your production intentions.

## Tours

### *Deliver the once in a lifetime experience*

From design to installation to technical expertise, TMS handles lighting, video, staging and trucking integration for live tours. TMS specializes in on-site consultation, production coordination, and in-house rendering with preprogramming options. Our road-ready crews and high-end equipment deliver your production goals to put on a show that your audiences will never forget.

- Lighting, Video, Staging and Rigging Equipment
- Production Consultation
- Digital and Virtual Design, Pre-Programming
- Dedicated Touring Show Staff
- Equipment Prep, Test and Execution

## Corporate Events

### *Stage presence and production quality*

Whatever the size and scope of your business event, TMS integrates the technical elements to take your conference, gala, or meeting room ambiance to the next level. TMS lighting, staging and custom production design will bring your event to life.

- Business Event Design
- Lighting, Audio, Staging and Video Integration
- Professional Event Staff

## Fairs & Festivals

### *Create a more-than-memorable event*

TMS integrates lighting, audio, staging, video and roof systems for all sizes of indoor and outdoor events. From multi-day music festivals to state fairs to shows in the park, our production expertise has you covered.

- Roof Systems and Rigging
- Lighting, Audio, Staging and Video Equipment
- Design, Consultation, Pre-Programming
- Experienced and Certified Production Staff

## TMS Previsualization Suite

### *You imagine it, we'll bring it to life.*

Our previsualization suite displays your lighting design in 3D renderings, then easily sends fixture information to preprogram and cue your show. TMS design experts can help you create light plots and automate programming to meet tight deadlines.

TMS has Vision/Vectorworks all-in-one software to support you through the entire design process, including a huge library of lighting, audio, video, and rigging content to work from. The expert draftsmen at TMS actively design and program more than 100 plots/shows per year.

# INSTALLATIONS

When it's installed by TMS, our crews focus on every detail, to make sure your venue will leave a lasting impact on your guests, students, customers, or congregation for years to come.

## WEDDING & EVENT LIGHTING

### *Make your event THE ONE to remember*

A beautifully lit event space creates a timeless experience for you and your guests. TMS lighting designs make your venue pop and the party unforgettable. From wedding receptions to special events, we create lighting effects that set the perfect mood and transform your venue from ordinary to extraordinary. Whether your event is large or small, opulent or casual, TMS event lighting adds something extra special to your special day.

- Design, Consultation and Setup
- Color Coordination to Complement Your Event Theme
- Uplighting, Ambiance and Lighting Effects
- Custom Monograms\* and Patterns Available

*\* Custom monograms are your names in light. A wedding monogram is an excellent way to highlight and celebrate your wedding day.*

## ARCHITECTURAL EFFECTS LIGHTING

### *Light up your world*

One of the most defining elements of a building, installation or event entrance is the lighting. Specifically, the elemental lighting that calls your attention to a decorative aspect, highlights a directional sign, or projects the feeling of a special occasion. TMS has both the technical expertise and artistic skills to create lighting designs that define your unique space or event.

Uplight the entire exterior of a building. Project your company's logo in lights. Create playful or colorful accents and set the mood in any unique space. No matter if it's an interior hallway or the entire skyscraper, TMS specializes in architectural lighting installations that light it up.

- Interior/Exterior Effects
- Accent/Element Lighting
- Uplighting
- Architectural and Signage Lighting

## RENTAL GEAR

*Top of the line rental gear takes your production to the next level*  
TMS maintains an impressive inventory of reliable, high-end equipment to serve the professional lighting and entertainment industry. Our detail-obsessed crews clean, prep, hang and test all fixtures and equipment before it goes out - and on return. TMS rental offers a huge array of lighting gear, consoles, cables, staging and more to supplement all your live touring and production needs. Our rental equipment is available to ship across the nation to other production companies for regional events and shows. Please contact us for rental pricing and availability.

- Consoles
- Moving Lights
- Fixtures
- Video/FX/Atmosphere
